## Shakespeare's "Dream" Proved A Marvelous Attraction Beyond Expectations of Local Sponsors

Two weeks ago there was much said in the Herald about the coming to the Ferguson Theatre, of one of the world's greatest old time plays, the famous Shakespearean production "A Midsummer Night's Dream."

True to its standing in the history of the World's Best Literature, it measured up to the high standard, as presented by the great Max Reinhardt, in screen and music. And beyond the anticipations of the management of the Ferguson Theatre and the several sponsoring clubs, the response to the opportunity of seeing this unusual picture in a small town, like Hamlin, was far beyond expectations. There were two shows, matinee and evening, and the afternoon house was taken to capacity. The evening was very flattering, considering that the admission prices were far in excess of the usual. The house was comfortably filled.

### THE REACTION WAS

### WONDERFUL

Warner Brothers, who produced "A Midsummer Night's Dream" on the screen expressed a desire to know as accurately as possible what would be the reaction of the play in a small town like Hamlin. In fact, the producers selected Hamlin as an average good town of the Texas interior districts to demonstrate the expensive screenland idea of what masters of Shakespeare imagined Shakespeare had in his great imaginative mind when he wrote "A Midsummer Night's Dream." So then it was natural that the Warner Brothers Co. would like to know if the rural public appreciates a production that would naturally go to the larger centers instead of the smaller towns. Knowing this and being highly appreciative of Hamlin being thus chosen, we have gone to careful inquiry of all ages and classes to find this out.

### CLUB WOMEN LEAD

As might be expected, the small town club women take the lead in sponsoring the finer things, especially in literature, music and arts. Club women and teachers realizing the unusualness of a small community to get such an advantage, jumped at the chance to solicit, students, other clubs and other communities to see something and hear music that English-speaking people have never before had a chance to enjoy—before the screen day, a study of "A Midsummer Night's Dream" was impossible, even to the most highly imaginative. In other days there was nothing to compare to the imaginative scenes produced by all the arts and science powers available in the world, today.

### APPRECIATION WAS

### RELATIVE

By inquiry, we find that the extent of favorable "reaction" to the "Dream" depended upon several things. First, age, environment, study of Shakespeare, and individual imagination and sentiment. In fact understanding.

From the time the curtain was drawn, and the strains of Mendelssohn's music started by an invisible orchestra of 150 pieces, the music lover's heart responded with ecstasy. The prelude lasted perhaps ten minutes, and was in itself worth the price—but through the entire production, Mendelssohn's strains were a pleasing feature. It is useless to say that people who know nothing about music and never heard symphonic orchestras, do not enjoy this kind of harmony. They did in "A Midsummer Night's Dream," in Hamlin, Texas.

Should we go into every detail of the production, the accuracy of quotations, the beauty of the English, the wonderfulness of the scenery, the artistry of the world's best actors, the costumes, the settings of an age 300 years ago, we say all this would be too much at this time. But maybe the imagination of the old time Shakespearean scholar and teacher could figure out all this, but we doubt it. We find that young men and young women, whose recent task

was to try to fathom what Bill Shakespeare was trying to say—they got the most out of the play.

Only artists, such as James Cagney, Joe Brown, Dick Powell, Jean Muir, Victor Jory, Olivia DeHavilland, Hugh Herbert, Anita Louise, Frank McHugh, Ross Alexander, Ian Hunter, Mickey Rooney, Verree Teasdale, Hobart Cavanaugh and Grant Mitchell, could produce a play like "A Midsummer Night's Dream." Stars all of them, who, directed by the exacting Max Reinhardt, presented a faultless role. Then we would not forget to include the most noted European ballerina, the wonderful ballet leader, Nina Foch. She cannot be forgotten.

The Herald must conclude by saying, the small town deserves the best and will support the best in arts on the screen if given an opportunity. By getting to see something of the finer character, will create a desire to enjoy the better and abhor the trashy, passing everyday show, with its jargon of language and jazz music. The ordinary picture show soon passes from the memory, but in years to come, whenever and wherever the younger persons read or study "A Midsummer Night's Dream" they will recall the scenes presented on the screen in the little town of Hamlin, on January 16, 1936.

## YOU WANT A VOTE, PAY POLL TAX

Did you know that you have just a few more days in which to pay your poll tax and prepare yourself for voting? Maybe you want to vote this year, when every official position must be filled from the President down to constable.

A poll tax receipt costs only \$1.75. Of this one dollar goes to the public school system of Texas. Fifty cents stays in the county and twenty-five cents goes to the general treasury.

Pay your poll tax. It is the only direct way many folks have of contributing to the expense of government. Everybody wants to bear a part in government, if they did it would not be so hard on a few taxpayers.

"By-the-way," we expect to give a long article next week on the Tax Question. Look out for it.

## D. M. POE CLAIMED BY SUDDEN DEATH

One of the prominent farmers and citizens of the Neinda-Boyd Chapel community, D. M. Poe, died at his home just north of the Boyd Chapel store, at 8:30 Monday morning, very unexpectedly.

At the time of his death, Mr. Poe had reached the age of 74 years, 5 months and 7 days.

David Mac Poe was born in Mt. Vernon, Franklin County, Texas, August 14, 1861. In that county he was united in marriage to Miss Jerusha Curry, and to this union there were four children who with their mother, survive. The children are: F. W. Poe, and Guy Poe of the Neinda community, John Poe of Stanton, and Mrs. W. L. Palmer, of O'Donnell. All of the children arrived soon after they heard of their father's death.

Mr. Poe was a man of unusually strong physique, and was very active and jovial till about a year before he died. Even the day before his death, he was in Hamlin, howdying with his friends, and carrying his usual smile and greetings. He was a citizen of the first rank, one whose influence was for the best for his country. He was a Christian gentleman, but had never united with any organized church.

The funeral services were held at the Neinda Methodist Church at 2:00 p. m. Wednesday, by Rev. Bateman of the Methodist church of McCaulley.

The body was in charge of the Barrow Funeral Directors and interment was in the Neinda Cemetery.

The esteem of the citizens of Jones County, from Hamlin and all the communities in this and nearby Fisher county, for the deceased, was manifest at the funeral. To know D. M. Poe was to appreciate him.

## GRANDPA T. F. CYPERT DIED TUESDAY, JAN. 14

After lingering a long time near death, the end came to Tona Franklin Cypert, age 85 years, Tuesday, Jan. 14.

Mr. Cypert made his home with his son, R. T. Cypert, just east of McCaulley.

He was born in Daffney, Baldwin County Alabama, April 10, 1850. He came to Texas in 1870 and settled in Hill County. He was married to Elizabeth Kiser and to this union there were seven children, and only two, R. T. Cypert and H. G. Cypert survive. A brother, W. W. Cypert of San Angelo, also survives.

Funeral services were conducted by Rev. Stark of Anson, and the body was interred in the Bethel Cemetery by the Barrow Funeral Directors.

## NOTICE TO THE CREDITORS OF THE ESTATE OF M. E. HERRING, DECEASED

Notice is hereby given that original letters of administration upon the estate of M. E. Herring, deceased, were granted to me, the undersigned, on the 21st day of January, 1936, by the County Court of Jones County. All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My residence and Post Office address are Hamlin, County of Jones, State of Texas.

—EFFIE M. HERRING.  
Administratrix of the Estate of  
M. E. Herring, Deceased.

Miss Ruth Morgan, the very affable young lady who has been ushering at the Ferguson Theatre for the past three years, has taken up a course of training in the Lubbock Sanitarium. She has a host of friends in Hamlin who expect to hear of her great success in her new field.

A host of friends met at the home Mrs. L. F. Young, Tuesday, January 21 to be with Rev. and Mrs. Charlie Bull, of Acme Texas.

This couple once lived in Plasterco and moved to Acme, Texas in 1927. This was their first visit back.

They said it was just like being back home once more.

## REVIVAL MEETING NAZARINE CHURCH

Beginning Tuesday evening, Jan. 28 at 7 p. m., Rev. E. G. Theus, who held our revival meeting back in Sept., will do the preaching. Services will be held each morning 10 to 11 a. m. and each evening at 7 p. m. Those who heard Rev. Theus in his meeting last September, will remember him as a splendid exponent of the Bible, as well as a good speaker, with a pleasing personality. We earnestly urge that all who will, will feel free to partake in this campaign for lost humanity, and for the betterment of our little city in general. Music will be in charge of our own choir director, Mr. Martin Westbrook. Special numbers in song will be one of the attractive, as well as one of the helpful features of the meeting.

Our Sunday School will meet this Sunday at 9:30 instead of 9:45 on account of singing convention which meets in our church this Sunday. Our night services will be at the usual hours which is as follows:

Junior N.Y.P.S. meets at 6:30. Senior N.Y.P.S. at 6:45.

The Seniors have as their subject this Sunday evening: "Happiness true and false." This will be an interesting program. Our regular preaching service for the evening will begin at 7:30 p. m. The pastor's subject will be: "The Organized Church Absolutely Necessary to Successful and Enduring Religious Work." This message will be both evangelistic and doctrinal. We invite all our friends to come.

J. H. WHITAKER, Pastor

### "HOUSES FOR SALE"

Five-room frame houses, all built-ins, basement, furnace heat, electric refrigeration. P. O. Box 2050, Fort Worth, Texas.

## IT WAS COLD, IT WAS SNOWY

Weather remarks or reports are but to keep the "record straight." For about four years, there has been a depression as far as snow is concerned. In fact if we are not mistaken this territory has not had as much snow since the winter of 1931 as we had last Saturday, Sunday and Monday, and in fact on shady sides we are still able to see snow, this Wednesday afternoon.

Yes, the "snow came down and round and round," just to be popular so to speak.

A brisk wind preceded the snow last Friday night and by early Saturday, the country was white, and snow fell all Saturday morning, and the general average was perhaps four inches. The temperature went down to about ten degrees, and the air was clam. Stock did not suffer, wheat was benefitted, bugs were evidently checked in the cold storage, the soil was pulverized and the air cleaned. So on the whole the entire community or country receiving snow was much benefitted as much or more than if a rain had fallen.

## THE KING IS DEAD

King George the Fifth is dead—the King of 450,000,000 subjects scattered over the world—English and many other nationalities. The King of the English Empire is dead. For several days previous to 7:15 P. M. Monday, the King of England had been hovering near death, and the staid and solemn people were in prayer for his recovery.

To Americans, the King of England was not and is not just another King, but there is a kinship, fellowship feeling for the "King" not a mere man, but the fact that the English King-Emperor holds a relationship to the English-speaking world similar to that held by Americans for their own President. So we join with all Englishmen—"The King is Dead—Long Live the King."

## BRIDGE DEDICATED

This is, Thursday afternoon, 2:00 p. m. Ye Editor is just back from the formal opening of the big fin Bridge over the Double Mountain Fork of the Brazos, 12 miles north of Hamlin and eight miles south of Aspermont.

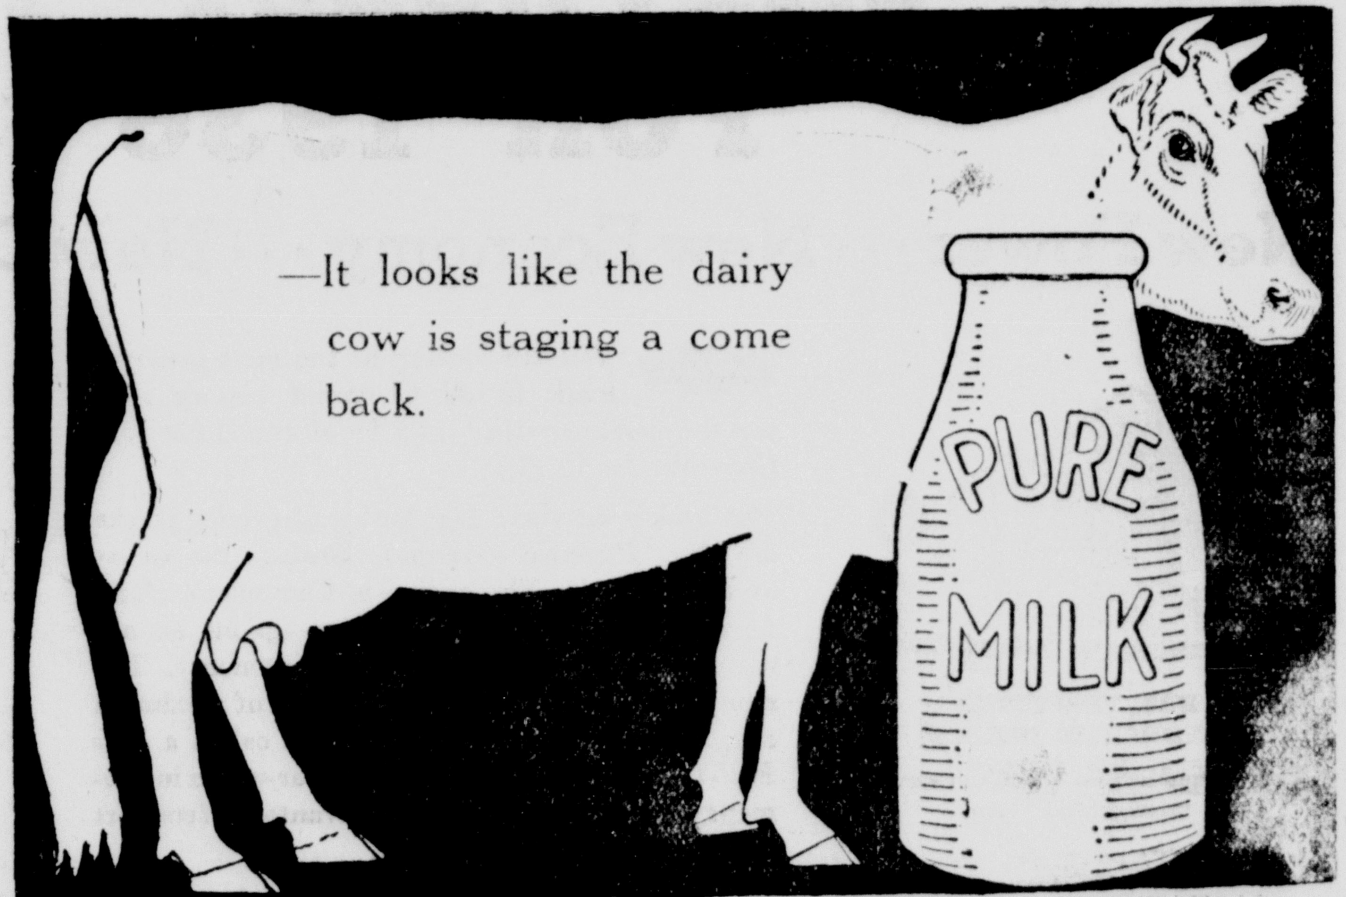

This is just a mere mention on next week the Herald will give full and interesting report.

## MRS. BERT WHALEY'S MOTHE DIED FRIDAY OF LAST WEE

Mrs. Bert Whaley has the sympathy of all her friends because of the loss of her mother, Mrs. N. I. Singletary, who died at her home in Abilene on Friday of last week. She had been very ill for several months and Mrs. Whaley had been by her bedside for several weeks.

## Better Conditions . . In The CREAM MARKET . .

- At present we have the best cream market we have had in several years and looks like this will continue for some time.
- We have the lowest prices on Cotton Seed Hulls and Meal we have had for several years.

—It looks like the dairy cow is staging a come back.

- It will pay every farmer to check into this matter and see if he can not work a better profit out of his milch cows.

### POLITICS:

Is going to pick up right away— locally—state—and nationally.

Our country has been a victim of politics for all time. But it looks like the further we go, the more cunning and puzzling it plays with the people.

It is not a bad idea for a voter to frankly ask a candidate "why are you running for this office." It will be easily understood if he says "for the money it pays, and a job."

It is a bit harder and quite confusing if any other excuse is given. The farther the office is away from home the less we know of its workings—the greater the field for the promotion of selfish ends. It is quite hard for the public to know a real hero in public office.

The more the voter knows about a public office and the holder of that office, the more intelligent is his vote. After all, politicians are mere humans, some of them look back and measure the future. Some neither see the past nor fathom the future, but let "Present" stand

before their face. The true patriot looks both ways and uses his present to help posterity in the future. But its so easy to miscalculate to advocate the main track and lead to a tangled problem. Generally, the public is to the mercy of designing politicians and must wait to learn what they are leading the people into.

Did you know that a bar of pure gold seven inches long and about 2 inches thick (2 ways) weighs exactly 400 ounces and is worth \$14,000 each. And one-half of all the gold in the United States is in one place (New York) and amounts to 5 billion dollars—and in the same vault also contains \$450,000,000 in silver. Well, "just try to get it."

THE IDEA OF SAFETY is being advanced these days as never before—safety on the highways. The year 1935 climaxed all years in the number of persons killed and injured—to say but little about the hundreds of thousands crippled and sent to the hospitals.

To advocate safer methods of travel will not help much. ACTION is needed.

A simlin-headed drunk heeds no admonition—he or she is a traveling mamiac as irresponsible as a lunatic. Then again, a wild-eyed spooner running a car at 60 or 70 with one hand is about as dangerous—they regard admonition to drive cautiously as old-fashioned silliness—then there is the fellow who drives like a wild indian to get nowhere and when he gets there he has nothing to do—such gas burners pay no attention to pleadings.

ACTION is needed to bring some characters to their senses. What action? A crime is a crime, if the results are the same—some car accidents are purely unavoidable, resulting from the ever present falability of iron and human muscle or nerves.

When all is said and done, the final analysis will be that either cars must be built with a maximum speed within reason, or the person found responsible for damage or death from car wrecks must be treated as any other criminal—for it is criminal for one to act in such a way as to take property or the life of others.

IF WE WERE A PUBLIC OFFICIAL of Jones County or a district composed of a number of counties, and Hamlin or any other town being one of our constituency towns, we certainly would think enough of the people who voted for our election or the community of which we were a public servant to invest ONE DOLLAR per year for the town's newspaper to try to keep in touch with the intimate affairs of that community. Some officials evidently do not think that way. Our congressman, Thomas L. Blanton feels and

acts about taking each and every town's paper in his district, the same as this Editor. He does not take the several papers because he "loves" the publishers so well, but it is a matter of keeping in touch with the people whom he is expected to serve. We refer to Mr. Blanton because he has the largest district except the state, in which Hamlin happens to be. The local paper may not be worth a hoop to the official and he may not see his name in it in a whole year, yet he may find the very article that is worth his salary. This is plain talk. It seems not a good policy to flirt and fraternize with a community, with a forced smile like a sick kitten, and offer a synthetic hand-shake to everybody and everything during election year and then sever contact during the other years.

Yes, if we were holding a public office we would invest one dollar for the paper in a town like Hamlin where there are two boxes that count 1000 good votes.

Hamlin is in Jones County on "off years" just like it is in election years. We have the deepest sympathy for every sincere candidate, seeking office where he can serve the people, but not a bit of patience for the official who fails to remember the communities he serves.

If anything in this "By-the-way" fits the foot of anyone who puts it on, let him wear it.

## YOUR PAPER

Owing to the fact that some daily papers have extended their bargain dates through January, the Herald has not revised its list to conform to the 1936 requirement. Some few have not "moved up" their subscription to the Herald and after this week there will be ONE MORE paper dated January (31).

If you miss your Herald don't blame anybody but yourself. Not many want a paper without paying for it. The Herald costs but about 2c per week and might be worth \$2 or even \$20. This is a modest statement—proven time and again. Don't miss your home paper.

Waco, Texas, Jan. 18.—Miss Florence Boyd of Hamlin, made the Baylor university fall term honor roll, according to an announcement from the registrar's office. To win a place on this roll it is necessary for a student to make grades of B plus or better in all courses. Miss Boyd received a personal letter of congratulation from Dr. E. N. Jones, Baylor dean.

E. C. Brand of Sweetwater, former cashier of the First National Bank in Hamlin, and recently State Banking Commissioner, is spending a few days of each week here looking after the affairs of the former National Bank of Hamlin.

## WHAT Others Say

—And—  
WHAT WE SAY

CHAIRMAN HINES — Texas highway commissioner, says:

"Pressure should be brought on Governmental authorities and Congressmen to change the system whereby men employed on projects must be on relief rolls, while many others who have fought to keep from being included in that group, need work and cannot obtain it."

AND we say he is very correct. The man who has fought to keep off the rolls and is now shivering on the brink of dire need, should get a little look in on the "hand out."

\* \* \*

President Franklin D. Roosevelt quotes his late relative, the former "Teddy" Roosevelt—"A man who is good enough to shed his blood for his county is good enough to be given a square deal afterwards. More than that no man is entitled to, and less than that no man shall have."

In our opinion, quotations from "F.D." some day, will occupy a place in the minds of future presidents, and the hearts of American people, equal of those of "T.R." or other great men of our country.

## T. N. HEMPHILL FOR COMMISSIONER NO. 2 IN FISHER COUNTY

Just to the west of Hamlin, is Fisher County, and Commissioners Precinct Number 2.

Last Saturday, T. N. Hemphill, one of the citizens of the Plasterco community, in that precinct, came into the Herald office, and from the way he looked and from the sound of his voice, we, Ye, Editor, spoke up and out with a grin-like expression, "Hemphill, you make us believe you are in politics, or about to be a candidate," well, sure as whiskers on a cat's face, he was. So that is what we are trying to tell you about right now.

Mr. Hemphill says: "Correct, you are. I am in here to announce through the Hamlin Herald, to the citizens of Fisher County, that I am a candidate for the office of County Commissioner of Precinct No. 2."

What do you want said in your announcement, Mr. Hemphill? He says, "Well, so far I have never held any kind of paying public office, all I have ever held for the public was school trustee, road overseer, and so on," and so Mr. Hemphill, kept on talking and we found out that he is 43 years of age, has one wife and three children and NOW he wants to be elected to the important place of Commissioner, a job that has a little pay in it. T. N. has lived in Fisher County since 1898, count that up and it means he has heard the wind howl for about 37 or 38 years, that is when the wind did blow. By now he should know every person in the eastern part of Fisher County. Mr. Hemphill is a successful farmer, has a good farm and a nice home, and evidently has managed his own business well and so now he is willing to shoulder some of the burdens of his county in a broader official way. Hence, the Herald will set in a new name this week, and head his announcement "Fisher County." And by-the-way, maybe when the summer comes around we may get to hear a political speech from this gentleman.

### Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Orit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Cardui is a gentle, healthy food. It is not a medicine. It is a food.

## On Texas Farms

By  
MINNIE FISHER CUNNINGHAM,  
EXTENSION SERVICE EDITOR.

From Brown county reports that soil conservation work was carried 24 feet wide and 1 and 1-2 foot high on 8 farms at a cost of \$1.57 per acre. A tour—was arranged on which 86 farmers and 4-H club boys visited four of those soil conservation demonstrations.

In Comanche county there is a 207 acre pasture demonstration which has been process for 8 years, during which underbrush and weeds have been removed. A profit of \$10 per acre from this pasture in 1935 was found after totaling receipts from cattle, hogs turkeys and pecans and deducting the cost of maintaining the pasture.

A 4-club boy of Mills county produced 210 pounds of lint per acre on his 5 acre cotton demonstration. The average in 1935 was 120 pounds of lint per acre.

His demonstrations totaling 110 acres were given in December in Palo Pinto county. Three of the terraced fields will be planted to orchards.

In Runnels county 4-H club boys are feeding 20 beef calves, 32 lambs and 117 pigs for the March livestock show. There are 150 club boys enrolled for 1936.

BAIRD—"On making my yearly report I found that I had canned 20,000 containers of food, Mrs. Black converted an unused roof into a pantry by adding 160 feet of shelves and labeling each shelf, according to Miss Moore, home demonstration agent.

The pantry contains 860 pints of food for home use, as the other canned has been sold.

GROVETON — Twenty-one buckets of fertilizer have been added to the cutting bed of Mrs. B. J. Faulkner, yard demonstrator of the Woodlake home demonstration club in Trinity county, as part of her yard improvement work, and the cutting bed has been spaded. She has also broken the plot for a rose garden, added 12 buckets of fertilizer and put out rose settings, according to her report to Miss Clara E. Rettigger, home demonstration agent.

Mrs. Faulkner went to the woods and gathered native shrubs and secured cutting of cultivated shrubs and roses from a nearby neighbor. She adds: "I have my yard sodded, my border beds and my screen plantings prepared."

BASTROP — From 103 chicks purchased from a hatchery on October 8, Wynona Schultz, Bastrop county 4-H club girl, raised the whole number to frying size, according to Miss Audette McDonald, home demonstration agent. These fryers were ready for the Christmas market.

Wynona attributes her success in raising poultry to the fact that she buys strong healthy chicks, feeds them properly, keeps houses and feeding utensils clean and gives the chicks regular care.

FRANKLIN — "The best investment on my farm," is the term applied to a sweet potato curing house built by Frank James of the Camp Creek community in Robertson county, according to V. L. Sandlin, county agricultural agent.

James built the house of scrap lumber bought at a sawmill and used one side of a barn for part of one wall and built a shed roof. The total cost of shed was less than \$10 and it holds 100 bushels of potatoes which James states have doubled in value from being cured.

MOUNT VERNON — Even a small flock of hens is worth keeping, according to Neil Paterson of the Cypress community in Franklin county.

"My 55 white leghorn hens made enough profit during three months of the year to feed themselves, 45 baby chicks, two mules and the

four members of my family," he reported to W. N. Williamson, county agricultural agent "I hope to have 100 producing hens next year," he added.

### McCAULEY 4-H CLUB NEWS

The 4-H Club girls of McCauley met January 15, for their second meeting of this year. The meeting was opened with some peppy songs and exercises led by June Barton. After the opening exercises the president took charge.

We discussed a Club entertainment to be given soon. This will be our first entertainment of this year, and we are looking forward to a good time.

We had not elected our reporter and pantry demonstrators for this year, and we did that. Laverne Parker is our pantry demonstrator, and Millie Drennan is the reporter. We have not decided on the bedroom demonstrator yet but will in our next meeting.

The president gave the girls some recipe books, and the meeting was adjourned.

## CALLAWAY WANTS TO BE COMMISSIONER IN FISHER COUNTY

TO MY FRIENDS OF FISHER COUNTY:

I take this opportunity of announcing to you my candidacy for Commissioner of Precinct No. 2.

I've been a resident of the County since 1918, with farming as a livelihood.

As to my experience in road building, I spent about 4 months on the Ft. Worth and Jacksboro highway, working with my own hands, during 1923, under G. S. Journa-gin, now a resident of the Roby settlement, as contractor. Coming from there to Sweetwater with M. E. Carlton as a partner, we contracted 2 miles of the dirt work on No. 70, with a Mr. Daugherty as engineer and supervisor.

My dealings with Mr. Daugherty were very pleasant through the entire job, and I'm sure he would say a good word for me here, should he have the opportunity.

Regardless of who my opponents may be I shall strive to maintain their friendships through the campaign.

If elected, I promise the people the very best there is in me, with justice to everyone.

I realize the responsibilities, other than the Precinct and I should take pleasure in cooperating with the other commissioners in the county affairs.

I shall endeavor to talk this over with each voter personally. If I should fail to see you, I want to thank you in this article for any consideration you might give me.

A. A. CALLAWAY.

## 30th Annual Founders Week Conference At Moody Bible Institute February 2-9

CHICAGO. — The 30th annual Founders Week Conference of the Moody Bible Institute of Chicago, noted interdenominational institute, will be held here February 2-9, as announced by President Will H. Houghton.

DR. WILL H. HOUGHTON

Well known personages in all phases of Christian work, including Evangelists, ministers, Bible teachers and foreign and home missionaries will address the sessions to be held in the Institute auditorium during the day and in the Moody Memorial Church in the evening.

Preparations have been completed to accommodate the large crowds of alumni, friends, students and others from all parts of the United States and foreign countries that gather for the annual conferences.

Sunday, February 2, will be observed as "Moody Day" in honor of D. L. Moody, founder of the Institute by hundreds of churches throughout the states. This day will also signalize the start of a two-year celebration in observance of the D. L. Moody Centenary and the Institute Jubilee. The Jubilee, to be held during 1936, will commemorate the 50th anniversary of the founding of the Institute, and the Centenary, to be observed during 1937, will commemorate the 100th anniversary of the birth of Mr. Moody.

Each day of the Founder's Week Conference program has been set aside in honor of some specific phase of endeavor. Monday will be Evangelism Day; Tuesday, Alumni Day; Wednesday, Bible Institute Day; Thursday, Christian Education Day; Friday, Missionary Day; Saturday, Layman and Youth Day and Sunday, Closing Day.

Special music has been given a prominent place in the program. This activity will be under the direction of the music faculty of the Institute. Among the groups to be heard are the Sunshine Gospel Trio and the Institute Chorus Choir, widely known for the beauty and inspirational power of their presentations.

Among the notable guest speakers on the program are Rev. Herbert Lockyer of Liverpool, England; Dr. Howard A. Kelly of Johns Hopkins Hospital, Baltimore; Dr. Robert C. McQuilkin, Columbia Bible College, Columbia, S. C.; Dr. Harold S. Laird, pastor, First and Central Presbyterian Church, Wilmington, Delaware; Dr. Merrill T. McPherson, pastor, Central North Broad Street Presbyterian Church,

DR. HOWARD A. KELLY

Philadelphia, Mrs. Ralph C. Norton, Belgian Gospel Mission, Brussels, Belgium, and Rev. "Mel" Trotter of Grand Rapids, Michigan.

Portions of the program will be broadcast over radio station WMBI (1080 kilocycles) of the Institute.

## LETTER CONTEST

Houston, January 10, 1936  
TO MR. TATE MAY:

SECRETARY-TREASURERS OF  
NATIONAL FARM LOAN ASSO-  
CIATIONS,

Subject: Letter Contest on How  
Are Funds Raised To Pay Install-  
ments On Loans.

We are confident that during the past two or three years many of our borrowers who have succeeded in keeping the installments on their loans and the taxes on their property paid up have done so in the face of difficulties which seemed at times to be insurmountable. Others have become discouraged, have failed to put forth their best efforts, and have lost their farms. Believing that the experience of those who have succeeded may be helpful to other borrowers in pointing out ways by which they may increase or budget their income and meet their obligations, we have decided to offer prizes totaling \$100.00 for the best letters received by us prior to March 15, 1936, from borrowers of the Federal Land Bank of Houston, on the subject of "How I Raise the Money to Pay the Installments on My Land Bank Loan." The first prize will be \$25.00; the second prize, \$15.00; third prize \$10.00; and there will be ten additional prizes of \$5.00 each. A committee of impartial judges will be appointed, and the winning letters will be published.

It will be appreciated if you will read this letter at the annual meeting of your association and ask members who desire to enter to mail their entries at an early date, to the Contest Editor, c/o Federal Land Bank, Houston, Texas. Please also call the matter to the attention of the editor of your local newspaper who will probably give publicity thereto for the benefit of members of the associations who were unable

to attend the annual meeting.

The cooperation of your members in making the contest a success will be appreciated.

Yours very truly,  
A. C. WILLIAMS, Pres.

### DIRECTORS ELECTED

The annual meeting of the National Farm Loan Association, January 14, was one of the best which was held at Hamlin, Tuesday, meetings in the history of the association.

Thos. F. Holman, Joe L. Culbertson, W. L. Beavers, R. S. Johnson and Ira A. Clements, were elected directors of the association for the ensuing year. Mr. Tate May was re-elected Secretary-Treasurer of the association.

The Hamlin National Farm Loan Association has helped more than 100 farmers and stockmen of Jones — Fisher and Stonewall counties refinance their indebtedness on a sound basis. Since the creation of the Farm Credit Administration in May, 1933, this association has made land bank and Commissioner loans in its territory amounting to \$316,800.00.

### KATY STARTS NEW

#### FREIGHT SERVICE

Local shippers and receivers of what is known as LCL, or less than carload freight, will no longer have to worry about having shipments hauled to or from the railroad freight station, according to J. S. Ballew, agent of the Katy Lines.

Effective January 20, Mr. Ballew said the Katy and other carriers in the West and Southwest, will inaugurate a complete free pick-up and delivery service for LCL shipments. Under the new plan shipments from here, destined to any point in the United States will be picked up free, and shipments from any point in the United States will be delivered here free.

"Several years ago the Katy in-

roduced free pick up and delivery service, limited to certain distances, and the plan proved so popular that the scope of the service has been extended several times. Mr. Ballew said, "Under the new plan the 'door-to-door' feature now applies at all Katy points."

The pick-up and delivery service will be performed by local truckers at each point, acting as representatives of the railroad. Shippers desiring to deliver shipments to the station, or to call at the station for shipments will be given an allowance of five cents a hundred pounds.

"This new service is another evidence of the determination of the carriers to further improve service, and with the fast freight schedules now in effect, the plan should result in the return of a large amount of LCL freight to the rails," Mr. Ballew said.

### TWO PLUS THREE

Arthur, who was five years old, was being drilled in simple arithmetic by his teacher, who said: "If I put five candies in your hand, and you eat two of them, how many would you have then?"

"Five," said Arthur.

"But," said the teacher, "how can that be true when you have eaten two?"

"Sure," replied Arthur, "Two on the inside and three on the outside."

"What do the people of America want more than anything else? Work; Work, with all the moral and spiritual values that go with work. And with work a reasonable measure of security—security for themselves and their wives and children."

## THIS WEEK IN TEXAS HISTORY

1824—To introduce a more uniform system, Stephen F. Austin published a set of "Instructions and Regulations for the Alcaldes" on Jan. 22. This constituted a brief civil

and criminal code.

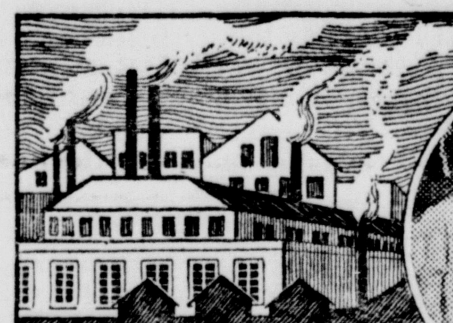

1836—Colonel Francis W. Johnson arrived at Refugio on Jan. 20 and informed General Houston that the council had deposed of Governor Henry Smith, and had appointed Colonel James Fannin and himself agents to raise troops and invade Mexico by taking Matamoros.

1858—On Jan. 20 Governor Hardin R. Runnels, in a message to the

legislature, recommended that resolutions be passed declaring the sentiment of the people of Texas in regard to the aggressions being made upon institutions of the South.

1860 — Governor Sam Houston called a special session of the state legislature on Jan. 21 for a discussion of state troubles with the Union.

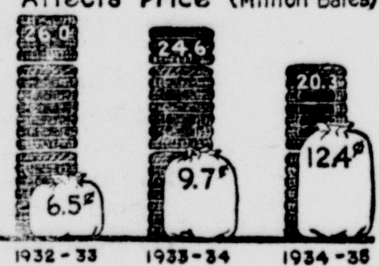

## King Cotton's Price Depends on Supply and Amount Used

Cotton Consumption Varies  
With Industrial Production

Outlook for Domestic  
Consumption has  
Improved

### American Cotton Supply Affects Price (Million Bales)

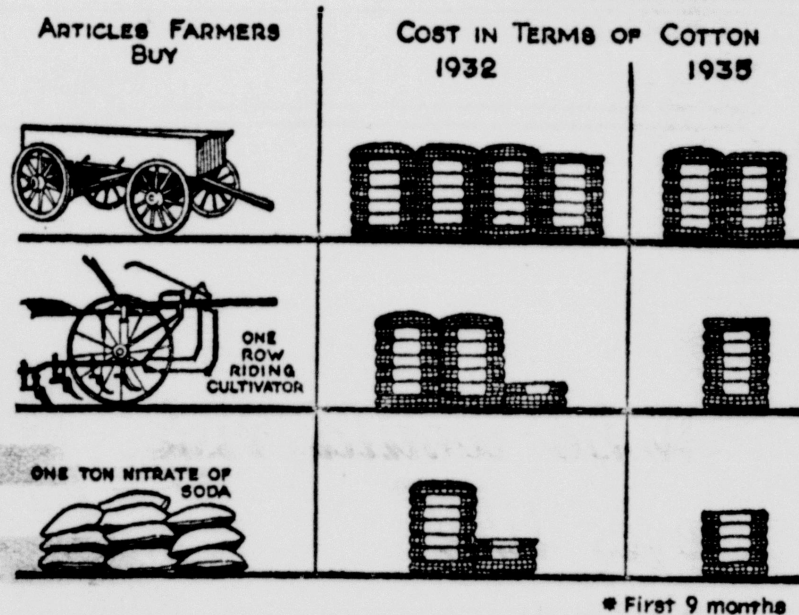

COTTON consumption and industrial production move together. The rate of cotton consumption in this country is influenced more by the general business situation than by cotton prices. Cotton consumption in the United States was the highest for this November than for any November since 1932. This increase in consumption reflects an increasing industrial and retail demand, Government purchases, and the existence of a large volume of reserve orders.

The chart in the lower right corner shows that excessive world supplies of American cotton depress prices and that prices recover with reduced supplies. The supply in 1932-33 was 25,961,000. With that large supply on the market, cotton prices could not recover. As contrasted with such excessive supplies, the World supply of American cotton in 1934-35 was 20,270,000 bales, and prices improved.

## BUYING POWER OF COTTON

(Not Including Adjustment Payments)

THE illustration shows the increased buying power of cotton in 1935 as contrasted with 1932. To purchase a two-horse wagon in 1932 a farmer had to exchange for it the equivalent of nearly four bales of cotton, 3.93 bales to be exact. This wagon could be purchased in 1935 for 1.98 bales. In 1932 a one-row riding cultivator cost the equivalent of 2.28 bales of cotton but in 1935 it cost .97 of a bale. One ton of nitrate of soda fertilizer cost the equivalent of 1.32 bales in 1932, but in 1935 it could be purchased for .69 of a bale. These comparisons do not include approximately \$125,000,000 in 1935 adjustment payments that have gone to cooperating farmers.

## SOIL BUILDING CROPS CUT FARM COSTS AND CHECK EROSION

Gullies eat away entire farms.

These check  
erosion and build soil.

### Three Ways to Cut Farm Costs

1. Grow Feed Crops.
2. Grow Food Crops.
3. Grow Soil Building and Erosion Control Crops.

ADJUSTMENT payments and increased income from cotton are enabling farmers to retire and build up badly eroded and worn-out land. The new cotton contract provides that food and feed crops for home use, in addition to soil-building and erosion-control crops, may be grown on land withheld from cotton production.

## FRANK POWELL A CANDIDATE FOR CO. TREASURER

To the voters of Jones County: I am asking for an office for the first time in my life. Many of you know me as I have lived in the city of Anson for the past twenty-eight years and my life is an open book for all investigation. I am a former grocer, an of Anson, having worked as manager, bookkeeper, and salesman in that capacity.

I feel that I am well qualified for the office of Treasurer and therefore am asking the people of this county for your support in electing me to this office; and should you see fit to elect me, I promise to give you the very best service possible.

I assure you the vote and influence of every person in Jones County will be highly appreciated and is earnestly solicited.

FRANK POWELL.

## JUDGE BURLESON FOR RE-ELECTION

TO THE CITIZENS OF  
JONES COUNTY, TEXAS:

I hereby make announcement of my candidacy for re-election to a second term as County Judge. Your action in electing me to this office for my first term has inspired me to do my best and I trust that my record will reflect my appreciation for the confidence and trust placed in me.

For one who has served in this capacity, his record as such speaks louder and more accurately than words. If you have found me faithful to my duty and charge and worthy of a second term, I shall greatly appreciate your support in my respect.

I wish to make a personal campaign and expect to make every effort to see you, however, while attending to the duties of this office will be impractical if not impossible to be as thorough as I would like to be. Knowing most of you as I do, I believe you will take this announcement as a very personal solicitation and it gives me opportunity to sincerely express my gratitude for your past support.

Respectfully,

OMAR T. BURLESON.

Cherry pie and coffee were served to thirty guests.—Stamford Leader.

Mrs. Carl Young was called to the bed-side of her father, C. E. Gibson at Saltillo, Texas on Thursday of last week. A letter to her husband reports that he is better after a serious attack of heart trouble.

## GAYLON ROBERTSON

### SEEMS SAFE

Much interest has been manifested in the condition of Galyon Robertson, the young man in the Baptist Hospital, suffering from gun shot wound. This week it seems from reports, he will pull through.

The three blood transfusions last week evidently kept up his vitality. The artery that was giving trouble is strengthening and the young man should soon be able to come back to Hamlin.

HERE IS HIS LETTER:

"Dear Editor:—Please inform my friends through your paper that I am feeling better and would like to hear from them by mail."

GAYLON ROBERTSON.

This is evidence of the young man's growing strength. This letter was brought to the Herald by the father, T. C. Robertson, Tuesday.

Mr. Robertson has carried a heavy heart, but Tuesday, he was happy. He says "All I want is my boy" and further he says, "I bear no ill will toward anyone, I have deep regrets, but I am happy that my boy seems safe."

This spirit is best for one to carry in his heart.

The Hamlin Rotary Club had as guests, Supt. Earl Isbill and Miss Madge Stanford, of Abilene, a deputy state Supt. in this section to inspect Rural Aid schools.

Dee Campbell left Monday for San Antonio to purchase early spring merchandise for his Hamlin and Rule stores. In his absence his brother, Frank Campbell and wife of the Rule store assisted at Hamlin. Dee returned Thursday.

Mrs. W. O. Baker of Big Spring came over last Sunday and spent the week here looking after her property.

## on your winter gasoline

If you work your starter only eight or ten times a day, from now till March 21st, that will be 400 to 500 starts altogether. Let's say you only cut your time in half on each start, using Winter Blend Conoco Bronze gasoline. Even so, that's something like saving your battery 250 starts before next Spring!

Right there Conoco Bronze might easily save you the price of a battery, or the fuss and expense of re-charging. Besides, you choke less, with Conoco Bronze, so you will not waste gasoline, or risk the life of your engine. And neither will your oil get so thin that you change it too often—another good saving.

Now Conoco Bronze costs you only the same as a gasoline you might buy for no special reason at all. Then isn't this a fair request: test a tankful of sure-start Conoco Bronze. Continental Oil Company, Established 1875

### REALIZES VALUE OF PROTECTING GOOD SPRINGS AND MATTRESSES

"I realize that it is most essential for us to protect our springs, mattresses and pillows with proper covers and protectors," said Mrs. E. M. McGilvary of the Liberty-New Hope Home Demonstration Club at a demonstration given in that club on this subject.

"I prefer these covers made of a material that can be boiled, such as a good quality damask or ticking, could be used," said Mrs. McGilvary.

The members of the Home Demonstration Clubs are all working to have standard beds which means—a slat for every row of coils in the springs, good cross tied coil springs, a good comfortable mattress, feather pillows and plenty of light weight warm covers. As their specific goals each club member is asked to provide at least one spring cover, mattress cover, lightweight warm cover and bedspread in 1936.

### FOOD SUPPLY DEMONSTRATOR MAKES PLANS

"I plan to get my tile for sub-irrigation made right away so it will be cured and ready to lay in my garden in February," said Mrs. Arthur Burton, Farm and Ranch Food Supply Demonstrator in the Willow Creek Home Demonstration Club.

We are also making a hotbed to raise our own plants, selecting seeds and making a food budget for our family and we expect to provide enough food to supply the family with a balanced diet for the entire year," Mrs. Burton stated in talking over her plans with the Home Demonstration Agent.

### PLANTING GUIDE SUGGESTED FOR JONES COUNTY AND VICINITY BY COUNTY AGENTS

Since the time is at hand when we should be planning our spring gardens, the following planting guide for best varieties of fruits and vegetables to be used in Jones County, vicinity and the amounts needed to be canned for each member of the family, is suggested by the County Farm and Home Demonstration Agents.

Leafy, green or yellow vegetables—24 quarts per person, 4 varieties or more.

Turnip-greens. Spinach. Mustard. Lettuce. Collards. Broccoli. Carrots. Swiss Chard. Snap Peas. Snap Beans. Cabbage. Kale. Squash.

Succulent or other Vegetables—quarts per person.

Beets, Okra, English Peas, Cucumbers, Onions, Parsnips, Corn, sweet; and Radishes.

Tomatoes—25 quarts per person. Fruits and Berries—30 quarts per person.

Berries. Plums. Grapes, and Peaches.

## M'CAULLEY NEWS

The revival meeting closed Sunday night at the Baptist church. Bro. Brannon brought a real messagesage Sunday morning on the subject: "Heaven." The Baptist appreciate the Methodist people for dismissing their service at 11:00 o'clock hour and coming to worship with them.

The following ones accepted Jesus as their Saviour and joined the church during the meeting: Misses Dorothy Mills, Thelma Deans and Ora Frances Steele and also Frances Mills, joined the church by baptism. Many hearts were touched when Miss Kinna Rector offered herself to God, for special service. Anywhere he would use her. Our prayer is for her, because she is truly willing to work for God, and of a heart filled with love.

Mr. Warren Kemps from McCaulley and Miss Sylma Kiser, from Sylvester, were married Saturday evening, January 11, 1936. Bro. Bateman, the pastor of the McCaulley Methodist church read the ceremony. The couple will make their home near McCaulley.

Mr. and Mrs. Eugene McCloud attended Mr. McCloud's grandmother's funeral at Bryson last Thursday.

Those from McCaulley attending Mrs. J. E. Caudle funeral, Saturday at O'Donnell, were: Bro. Hardesty, Mr. and Mrs. M. L. Akins, Grandpa Akins, Tom Akins, Misses Alline, Nola and Icky Akins, Mrs. Caudle, a daughter of Grandpa Akins and sister to M. L. and Tom Akins.

We are happy to report—little Peggy Joe Kean, who has been seriously ill in the Stamford hospital, is improving nice, we hope she will soon be at home. —Reporter.

ABILENE, Jan. 20.—Carol Benson and Cledie Hall of Hamlin have been recommended for varsity football letters at Hardin-Simmons university for the 1935 season. Head Coach Frank Kimbrough made the recommendations.

Benson earned his second varsity award at an end position while Hall lettered for the second time as a center.

Awards at Hardin-Simmons are dependent upon the passing of all class work by the players and are not made

until reports for the fall semester are made.

Luther Raley also of Hamlin has been recommended to receive a freshman football numeral. Raley played a great game at halfback for the junior Cowboys throughout the season.

## MR. PAUL McLENDON MARRIED MISS LILLIAN TURNER

Last Saturday afternoon a great surprise came to the people of the Neinda community, When Mr. Paul McLendon and Miss Lillian Turner were united in marriage.

Miss Turner and Mr. McLendon were married in Anson, Saturday afternoon, Jan. 18. She is one of the charming young women of this community. She has won the friendship of a great circle of friends.

Mr. McLendon is the son of Mr. and Mrs. J. E. McLendon of this community, and is a young farmer of stability and promise, a friend maker among men.

We hope this young couple a happy and successful life in the future.

Grandpa W. M. Barlow of the Plasterco Town was a visitor at the Herald office last Friday to relate how the good people of his neighborhood treated him Christmas. He apologized for being so late about expressing his appreciation to Santa—but he can't get around in the winter like he can when it is warm and balmy. From what he said, the must have treated him terribly. Any way he wanted the Herald to tell for him and say to Paul Revan and little girls; Miss Vida Bell Anderson and the B. T. N.; Mesdames I. R. Nichols, Adams and Cox, and maybe others, that he was happy to be remembered so kindly. So there you are, Mr. Barlow.
